

RESIN INFUSION CLAMP

Description:

RESIN INFUSION CLAMP is designed to regulate vacuum and resin flow lines during the vacuum resin infusion process. Made with durable metal construction yet lightweight and compact. Detachable locking pins make for easy install and removal. The bright blue colored anodized knurled knob makes it simple to identify. Unlike standard sheet metal vice grip clamps, the exclusive nylon spacer will not damage tubing.

Features:

- Lightweight, durable metal construction
- Bright blue colored anodized knurled knob
- Nylon spacer will not damage tubing
- Removeable locking pins
- Fits onto a max ½ OD tubing

Availability:

- Standard Size: 2-3/4 inch length, 2 inch max width

Storage:

- No special storage conditions.

Health & Safety:

- Handling of these products must conform to individual company guidelines and health and safety regulations.
